

To Turn ON the A/V System:

1. Touch the screen
2. Enter the password
3. Press the Enter button
4. Press the large **Display** button at the top, center of the screen to display the **Source** palette.

5. In the Source palette, press the **ON** button to turn on the projector and drop the wall screen. *It may take several minutes for the projector to warm up and come on.*

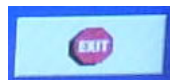

6. In the Source palette, choose a **LOCAL** (device in the podium) or **HUB** (device in the MDF room) display source. This source will be transmitted to the wall screen and appropriate audio played through the room audio system.

- ◆ Use **PROGRAM** arrows to control audio from source devices
- ◆ Use **MICS** arrows to control audio from the podium microphone
- ◆ Use **MUTE** button to turn podium microphone on and off

- ← 7. Press the **PREVIEW** button to view a source on the touch panel.

8. Press the **EXIT** button in the lower, right corner to return to the Source palette screen. →

To Turn OFF the A/V System:

1. Press the large **Display** button at the top, center of the screen to display the **Source** palette.

2. In the Source palette, press the **OFF** button to turn off the projector and raise the wall screen. *It may take a minute for the projector to cool down and turn off before the screen rises.* →

3. Press the **EXIT** button to return to the passcode welcome screen. →
